ACE Recall Study Performance Coaching

I was coached by Adrian between April and July 2016. I chose Adrian after my girlfriend found his details online, in an effort to help me find ways to study more effectively. After a phone conversation I decided to try his approach to studying.

Arranging and booking flexible session dates and times with Adrian was easy. I was especially pleased with the opportunities throughout to exchange views about my ongoing study progress. My coaching helped me compartmentalise, prioritise and organise a heavy study and assessment schedule. This was at a time when I had a number of family, work issues and commitments.

Whereas I may well have failed in some aspects of my assessments, practicals and written exams, coaching with Adrian helped me to pass my 3rd year exams. I feel positive my coaching will now further assist me to achieve the final degree class I am aiming to get. I would highly recommend Adrian as a coach for improving study skills and your overall academic performance.
